## **DETAILED ACTION**

### ***Examiner's Amendment***

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.
2. The application has been amended as follows:

### **IN THE SPECIFICATION:**

Page 24, line 1, after "09/" please insert --916,240--.

Page 24, line 10, after "130109.404)" please insert --, now U.S. Patent 6,815,101--.

Page 24, line 16, after "130109.408)" please insert --, now U.S. Patent 6,861,167--.

Page 24, line 19, after "130109.427)" please insert --, now abandoned--.

### ***Allowable Subject Matter***

3. Claims 2, 4-7, 10, 12-18, 20, 23-25, and 29-33 are allowed.
4. The following is an examiner's statement of reasons for allowance:  
  
Applicant's arguments regarding independent claims 4, 5, and 17 are persuasive and these claims are now considered to be allowable. Specifically, Applicant argues with regard to the Fuglevand reference that "there is no express teaching or suggestion that the battery is

actively coupled to the control system in response to a particular electrical condition such as stack voltage.” Indeed, the battery appears to be continually connected to the control system and the reference does not disclose or suggest any capability of coupling (i.e., joining together) the battery and the controller in response to a particular condition.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
